Property Description

Having a great entrance and wonderful facade you will surely love this beautiful 2 story house plan. Charming and distinctive inside and out, this contemporary home was built in 2010 and is located in a quiet neighborhood on a dead end street in Atenas, just a few minutes from shops and entertainment. The ensuing interconnected interior spaces are playful and dynamic, illuminated with an extraordinary quality of natural light that floods through doors and windows. Boasting huge light-filled sociable living spaces overlooking the swimming pool and panoramic natural landscapes. The semi-open kitchen is highly functional and imparts a sense of openness. The cut-out within the kitchen wall opens up the kitchen and makes it a cohesive part of the common areas of the home. The breakfast counter creates an extra eating area. Two bedrooms and bath on the first level near the side entrance to the house and off the kitchen/family room area.
